

## **Commure Hackathon FAQ**

1. When's the last day to sign up?
  - a. April 27, 2025 at 11:59 PM
2. Can I join the Hackathon without a team?
  - a. Yes! If you don't have a team beforehand, we will group you up with other attendees.
3. Is this a product design based Hackathon? Or is it software based?
  - a. It's open-ended, based on the team compositions. If you're a team of Product folks, you would be expected to submit a detailed proposal/PRD. If you're a team of Engineering folks, you would be expected to code up a simple prototype. The choice is yours!
4. Will we know what we're supposed to build there itself?
  - a. You will need to come up with the idea with your team!
5. Is it necessary for the product idea to be in the Healthcare domain or it can be in any field? Would the organizers help me with some ideation if I don't have one?
  - a. Yes, it is a hackathon for healthcare and ideas must be constrained to this space.
  - b. We will have mentors who would happily discuss and support your thought process. However, we would love for the fundamental idea to come from you!
